

Academics

At Pilgrim, we teach nearly 500 students

from Pre-K to 12th grade. With small class sizes and dedicated instructors, students get individualized attention to meet their unique needs.

From pre-literacy activities in our preschool program for four-year-olds to advanced science and mathematics in high school, students benefit from a broad range of course offerings and activities. TPA students routinely rank high in standardized testing and over 90 percent of our graduates go on to college.

Enrichment

We believe in educating the whole child—academically, spiritually, physically and emotionally. This is why we offer many different enrichment activities that appeal to our students' broad range of interests.

Student athletes compete locally, as well as regionally in soccer, basketball, softball, baseball and track and field.

Our drama program offers both fall and spring productions. Live Nativity and other presentations allow students to express their creativity and talents onstage.

Our music program provides students with individual instruction in most instruments as well as performance opportunities with our Gateway and Festival Orchestras, Hand bells, and Concert Choirs.

Each year students compete in the Fine Arts Festival, Jersey Shore and Delaware Valley science fairs, oratory, art and writing contests; and many go on to regional and national rounds of competition.

TPA students develop their talents through a variety of extra curricular activities including; evangelism, yearbook, service club, teacher's aide program, student coaching, the school newspaper, and fine arts.

Facilities

The Pilgrim Academy's 40 acre wooded campus nestled in the heart of South Jersey's Pine Barrens offers students a wonderful learning environment.

Dedicated computer and science labs, art department, music room, full-sized gymnasium, athletic fields, tennis and basketball courts and playground supplement the learning environment.

Our 15,000 volume Warren A. Allem Library houses the Center for South Jersey History, Media Center and Counseling Resource Center.

At The Pilgrim Academy, our mission is clear: to help students grow in a personal relationship with Christ and equip them to serve Him.

That's exactly what we've been doing for over 30 years. And God has truly blessed.

Many of Pilgrim's 50 faculty members have been at the school for over twenty years bringing a life of dedication to Christian education. Our seasoned faculty members hold multiple degrees and certifications from regionally and nationally recognized institutions.

Guidance and counseling services are offered to all students. College and career planning is also available to high school students.

"The Pilgrim Academy is preparing me for the challenges of life after high school by teaching me to apply my faith to all areas of my life."

Our Mission

At the Pilgrim Academy, we seek to give every student a strong college preparatory liberal arts education within the context of a Christian worldview.

The highest aim of our school is to see our students accept God's call to redemption and apply Christianity to every area of their lives.

We seek to produce culturally literate graduates of sound spirit, mind and body who are well-rounded in the area of the arts, athletics, work skills, and practical Christian endeavors. We prepare students to enter full-time Christian service, other honest callings, professions and careers, and to be Christian leaders and citizens.

We also support the Biblical family, act as the primary advocate for Christian education in South Jersey, and seek to disseminate Christian truth throughout the region.
