

Standardized Testing Results 2007-2008

How to read this graph:

“Pilgrim Academy students performed better than (___%) of students **nationally** at this grade level.”

“Pilgrim Academy students performed better than (___ %) of students for **ACS schools** in this grade level.”

(For example: Students in TPA’s third grade performed better than 95 percent of students in schools across the country taking the Stanford Achievement tests).
